

A World At War Mapboard Boxes

| | | US Atlantic | US Pacific | Atlantic SW | Pacific SW | Indian SW |
|---|---|---|--|---|---|---|
| Sea Hexes Adjacent to this Box: Distance from Mapboard | | A23-EE1: 16 hexes | A59-KK48: 8 hexes | A23-EE1: 1 hex | I62-KK48: 1 hex NN24-NN45: 8 hexes | CC2: 8 hexes |
| Associated Waypoints | | Boxes: South Africa ² , Pacific US Europe: Western Front Ports or Invadable hexes ² | Boxes: Atlantic US, Australia ³ Pacific: Dutch Harbor, Hawaiian and Society Islands ³ | Boxes: Atlantic US, South Africa Europe: Western Front ports | Boxes: Pacific US, Australia Pacific: Pearl Harbor, Tahiti Japanese: Japan, Truk. | Boxes: South Africa, Australia, India Europe: Suez, Bazra, Abadan Pacific: Colombo, Madras |
| Ground Units | Movement Phase Entry & Exit | NA | | | | |
| | Offensive Combat | NA | | | | |
| | Attrition | NA | | | | |
| | Redeployment Entry & Exit | By NR--see "NRs and Sea Escort" below. Between the US Boxes by SR. | | | | |
| Air Units | Air Missions | No Air Missions in or out except Strategic Bombing | | No Air Missions except Strategic Bombing. | NA | |
| | Staging into/out of | NA | | NA | | |
| | Air Combat within | Only against Strategic Bombing | | Only against Strategic Bombing. | | |
| | Redeployment Entry & Exit | By NR--see "NRs and Sea Escort" below. Between the US Boxes by SR. | | May change fronts within a Box. May change SW Boxes. | | NA |
| Naval Units | Base Changes into & out of | To or from Waypoints only. | | To and from waypoints. NA between SW boxes. Not by submarines or European Axis naval units. | | |
| | Sea Transport | 2 DDs/factor + 1 Transport/5 factors. Must Terminate in a Waypoint. | | Naval units may protect missions that pass through their SW box. | | |
| | Seaborne Invasion from | 2 DDs/factor (3 if beach has enemy ground unit) + 1 Transport/5 factors. Must terminate in a Waypoint. | | Naval units may protect missions that pass through their SW box. | | |
| | NRs/Sea Escort into or out of (Stop on entering a mapboard box. May be protected by Naval units in port of origin or in the SW box it passes through.) | 1 Transport/5 factors or BRPs. Must pass through a Waypoint, but may continue on. Naval units may also NR in/out of corresponding SW box. | | To and from a waypoint (only), or between SW Boxes. No European Axis naval units. Of the Allies, only U.S. and British naval units are permitted. Atlantic SW Box: German submarines from Western and Mediterranean ports. Indian Ocean SW Box: German submarines from the Mediterranean; Japanese submarines from Japan or Singapore. Pacific SW Box: Subs from listed Waypoints only. Naval units may protect sea escort/NRs through their SW box. | | |
| | Interception from | NA | | Submarine Warfare and Engage Raiders only. | | |
| | Sea Supply from | Requires 1 Transport / Supply Line. | | Naval units may protect sea supply that pass through the SW box. | | |
| | Can Engage Raiders? | In the Atlantic SW Box. | In the Pacific SW Box. | Yes | | |
| Valid Destination for Displaced Naval Units? | Per the usual rules, taking distance into account. | | | | | |
| Supply | Unlimited Western Supply Source. | | Strategic Bombers and Interceptors determine their supply from the bases used to determine bombing and interception ranges. Western Allied naval units face no oil effects and are in full supply. Japanese naval units are in full supply and are affected by the oil consumed within the Japanese Oil Reserve. | | | |
| Oil | Unlimited number of Oil Counters each Turn. | | If there are 1 or 2 Transports: both may be used for oil. With 3-9: 3 for oil; 10-12: 4; 13-15: 5; 16-18: 6; 19-21: 7; etc. | | | |
| Unit Construction | U.S. and Canadian, by Box. | | Not allowed, but new Interceptors and Strategic Bombers are placed here upon construction. | | | |

² - movement from this mapboard box to this waypoint passes through the Atlantic SW box.

³ - movement from this mapboard box to this waypoint passes through the Pacific SW box.

⁴ - movement from this mapboard box to this waypoint passes through the Indian Ocean SW box.
